

Love Ed is a program that empowers parents to teach both the theology and science of human sexuality within the context of God's plan for love and life. Love Ed is a parent-guided, age-appropriate, gender-specific program that teaches children about God's plan for life, love, sexuality, and purity. It equips parents to initiate positive, life-changing conversations with their children. Love Ed supports these conversations at two important life transitions: as children enter puberty (Level I: grade 5 or 6) and before they begin high school (Level II: grade 7 or 8).
